1. Principal's Message

College life is an important phase in a student's life for it is a preparatory ground for the student's future career. Tehatta Sadananda Mahavidyalaya therefore aims at a holistic development for the student by providing them with an environment that is amiable for this purpose. However the global pandemic has posed a serious problem both for teachers and students to carry on with the regular activities of the college. Nevertheless, the college has opted for online teaching mode so as to ensure the continuity of the academic curriculum. This year, keeping with the pressing need of the challenging times, all other co-curricular activities are also conducted mainly in the online mode. The teachers and non-teaching faculty are readily available to the students to solve their problems and guide them in every possible manner and I congratulate the successful students and the entire team of TSM and wish them success for the future.

2. Vision Mission

Our Vision

To educate and empower the underprivileged youth of Tehatta and its neighbouring villages by providing value based quality education for their holistic development so as to enable them to transform the socio-economic fabric of the region into a lively and progressive one.

Our Mission

- To encourage the youth belonging to economically backward and underprivileged communities to pursue higher studies.
- To encourage greater participation of female learners in the field of higher education for women empowerment.
- To develop a socially and economically inclusive academic ambience that is flexible to changing needs.
- To impart value based quality education and to unfold the potential and skills of the local youth to enable them to emerge as self reliant and competent individuals of the society.
- To promote an academic ambience that is free from gender discrimination and stereotypical social and racial prejudices.
- To enlighten young minds and help them to develop vocational skills and social awareness to provide opportunities of employment to students in the context of a changing world.
- To help the neighbouring areas in feasible ways to create a benevolent society free from all biases.

3. Student Enrolment Details: Intake Capacity & Admitted Students Details
