PLANTATION PROGRAMME IN WORLD EARTH DAY – 22.04.2022

1. **Principal's Message**

   All educational institutions forever strive to nurture young minds to make them competent for the competitive professional world. Tehatta Sadananda Mahavidyalaya ensures this by providing the students a suitable and amiable ambience where their inner potential gets enhanced. The college has an excellent set of highly qualified teachers to guide and aid the students in all their academic endeavours. Apart from regular classroom teaching, a holistic development of the students is ensured through various allied activities like NSS, Cultural programmes, Social Outreach programmes and Sports. Educational tours and excursions are also organised to provide the students an exposure beyond the classroom and books. Add-on courses further help to develop their vocational skills. This year, the college is proud to announce the 100% success rate of the students at the University Exams. This is a commendable feat especially in the context of recent COVID times. I congratulate the successful students and the entire team of TSM and wish them success for the future.

2. **Vision Mission**

Our Vision

To educate and empower the underprivileged youth of Tehatta and its neighbouring villages by providing value based quality education for their holistic development so as to enable them to transform the socio-economic fabric of the region into a lively and progressive one.

Our Mission

- To encourage the youth belonging to economically backward and underprivileged communities to pursue higher studies.

- To encourage greater participation of female learners in the field of higher education for women empowerment.

- To develop a socially and economically inclusive academic ambience that is flexible to changing needs.

- To impart value based quality education and to unfold the potential and skills of the local youth to enable them to emerge as self reliant and competent individuals of the society.

- To promote an academic ambience that is free from gender discrimination and stereotypical social and racial prejudices.

- To enlighten young minds and help them to develop vocational skills and social awareness to provide opportunities of employment to students in the context of a changing world.

- To help the neighbouring areas in feasible ways to create a benevolent society free from all biases.

3. **Student Enrolment Details: Intake Capacity & Admitted Students**
