Principal's Message

Every educational institution aims at providing a congenial atmosphere to the students which will help them to enhance their inner potential. In Tehatta Sadananda Mahavidyalaya, we always strive to fulfil this aim. We have an excellent set of teachers who regularly update themselves with research work and give in their best effort to prepare the students for their future career. Besides, academic curriculum, special care is taken to provide a holistic development to the students. This is ensured by the college by motivating students to participate in various allied activities organised by the NSS Committee, the Cultural Committee and Sports Committee. Educational tours and excursions are also organised to provide the students an exposure beyond the classroom and books. Add-on courses further help to develop their vocational skills. The teachers and non-teaching faculty are readily available to the students to solve their problems and guide them in every possible manner and I congratulate the successful students and the entire team of TSM and wish them success for the future.

1. Vision Mission

Our Vision

To educate and empower the underprivileged youth of Tehatta and its neighbouring villages by providing value based quality education for their holistic development so as to enable them to transform the socio-economic fabric of the region into a lively and progressive one.

Our Mission

- To encourage the youth belonging to economically backward and underprivileged communities to pursue higher studies.
- To encourage greater participation of female learners in the field of higher education for women empowerment.
- To develop a socially and economically inclusive academic ambience that is flexible to changing needs.
- To impart value based quality education and to unfold the potential and skills of the local youth to enable them to emerge as self reliant and competent individuals of the society.
- To promote an academic ambience that is free from gender discrimination and stereotypical social and racial prejudices.
- To enlighten young minds and help them to develop vocational skills and social awareness to provide opportunities of employment to students in the context of a changing world.
- To help the neighbouring areas in feasible ways to create a benevolent society free from all biases.
