It is the endeavour of the Government to raise the GER of SCs in higher education from 23.0 % to the national average in the next five years. Similarly, the GER in Senior Secondary education of SCs has to increase from the current 56% to the national average in the next five years. Towards this end, special focus of the implementing agencies is required to achieve the goal.

## ***Post Matric Scholarship for SCs: Scheme Guidelines***

---

6.2 All the SC students with annual income of up to Rs 2.50 lakh per annum would be eligible under the scheme. However, the State Government will additionally make special efforts to identify the poorest households from various sources and enroll the eligible students under the scheme in a mission mode. Further, these students would be monitored on regular basis so that they continue with their studies. Such students shall include (i) students from SC households with three or more deprivations as per SECC-2011 (ii) students from SC households where one or both the parents are illiterate and (iii) the students who have passed 10th standard from a State Government/ Municipality/Local Body school. In this regard, States/UTs will launch special campaigns to identify and cover such students.

6.3 States/UTs may adopt methodology suitable to the local conditions for identification of such students e.g. SC majority districts/blocks/villages may be taken first for identification of poorest students or students leaving class 10<sup>th</sup> or 12<sup>th</sup> class may be tracked in association with the education department or data emanating from other Central/State schemes indicating the dropouts rates or other sources as deemed fit. Every State Government shall undertake a campaign every year in March/April to identify such students and mentor them to enrol and avail scholarships. Such students will be helped for identification of courses also as per their skills.

6.4 Awareness drive shall be undertaken by the State Governments/UTs about the scheme through the Gram Panchayats Notice Boards, school committees, and discussions in the parent-teacher association meetings and other public awareness measures, in order to extend its coverage and also minimize any misuse by unscrupulous elements.

6.5 The States are required to take up identification of the students for fresh enrolment by taking up systematic drive covering all the higher secondary schools and encouraging the pupils who have dropped out after Class 12th to come back to higher education.

6.6 It is essential that the fresh enrolments to the extent possible are made in the courses which are having employment potential. For this purpose, the State may do an exercise in consultation with the Higher Education Department of the State Government, and the State Skill Mission for identifying courses which would improve the employment potential of the students. It is strongly advised that fresh enrolment may be made in these courses. Such skill courses should be long term courses with periodicity of at least 1 year and conducted by the institutions as per Para 4 of the scheme guidelines.

6.7. State Government will ensure that the beneficiary, at the time of admission, applies for the scholarship also. In this regard, the State Government may open facilitation centers

or nominate a nodal officer in the educational institutions so that the entry into the student database for renewals and fresh admissions can be done in a stipulated timeframe.

6.8 The State Governments shall put in place a scholarship portal that has all features as prescribed in para 13 of these guidelines and share the data on a real-time basis with the Central portal.

6.9 The State/Central Government shall have robust monitoring systems, including field inspections, social audits, data analytics etc. so that timely payments are made to eligible beneficiaries.

7.3 The Academic Allowance will be linked with the Consumer Price Index Number for Industrial workers. The Annual increment will be applicable w.e.f. April of each year and will be based on Index for the period January-December of the preceding year. The first revision would be applicable w.e.f. April, 2022 and in this regard Department will issue separate orders on Annual basis.

7.4 The State Governments may, if they so decide, top up the academic allowance from their own resources.

### **8. Freeship Card and process for issue**

8.1 All eligible students shall be entitled to take admission in the institutions without pre-payment of tuition fees and hostel fees as per the Scheme Guidelines. To enable this, a FREESHIP CARD will be issued by the State Government to the eligible students, as per procedure detailed below. This Freeship card shall make the student eligible to study in the institution without pre-payment of the fees, and on the condition that as and when amount is released to the student's account, the institution would be intimated to collect the same from the student.

8.2 The student shall, well before the expected date of admission, register for issuance of a Freeship Card on the respective scholarship portal giving the details like the Aadhaar number, the name of the course in which he/she wants to take admission (e.g. MBBS, B.Sc., Class XI etc.) and an undertaking that the institution's charges would be paid within 7 working days from the date of receipt of the scholarship amount in his/her account. For the purpose of registration of Freeship Card, the portals shall remain open throughout the year.

8.3 The verification of the income, caste and merit details should be automatically done from the databases which are linked online for instant verification. The process should be entirely paperless. Until the above system is brought into effect, the documents may be scanned and uploaded which include: passport size photograph, copy of each of the certificates for diploma, degree etc. in respect of all examinations passed, Caste certificate duly signed by the authorized officer, valid Income certificate issued by the competent authority as prescribed by the State Govt. etc.

8.4 After the registration on the Portal, if the student is found eligible, all States/UTs will complete the verification process within 30 days from the receipt of the registration request from the students and issue the Freeship Card through the IT portal, mentioning the course

for which application is made so that the eligible students are not denied admissions due to delay in depositing tuition fees. It should be possible for the student to download the Free Ship Card from the portal itself. Once complete digitization of all the required certificates is done, such Freeship Card shall be automatically generated immediately on registration, if the student is found eligible.

8.5 The Freeship Card shall contain the details given in Annexure-1, and shall be digitally signed. For the purpose of admission, the Freeship card will remain valid for period of one year from the date of issue.

8.6 If a student wants to change his/her course before taking admission in an institution, he can do so by logging on IT portal and a fresh Freeship Card shall be issued automatically for all eligible students.

8.7 In case of renewal students, there shall be no need for fresh registration for the Freeship card and a card once issued to him/her shall be valid for the entire duration of the course.

### **9. Application for Scholarship and Verification**

9.1 **Application-on-the-day-of-admission:** The institutions shall ensure that all students admitted to their institution and having Freeship Cards issued as detailed in para 8 of these Guidelines, apply on the IT portal for the scholarship **on the same day as the date of admission into the institution.**

9.2 On the day of admission itself, the institution shall verify on the scholarship portal that the student has taken admission in the institution with the same course as mentioned on the Free ship card and is now a bonafide student of the institution.

9.3. In case of renewal students, the student shall be auto-renewed based on the attendance and confirmation from the institution of the student having been promoted to the next class and having joined back the same course as hosteller/day scholar, as the case may be.

### **10. Funding Pattern of the Scheme**

10.1 There will be a 60: 40 sharing ratio between the Centre and States (90:10 in case of North Eastern States) of the average demand for the scheme for three year period 2017-18 to 2019-20 (to be considered as the base period), with a 5% overall annual increase each

year in the Central assistance for all States put together in absolute terms w.r.t. base period. The above shall be applicable from 2020-21 onwards and the scheme will be continued upto the financial year 2025-26.

10.2 Thus, for the purpose of determining the demand for the year 2020-21, the average demand of 2017-18 to 2019-20, or the actual demand for 2020-21, whichever is lesser, will be considered for each State/UT. For subsequent years i.e. 2021-22 & onwards, the Central assistance for all States put together will be limited by a 5% annual increase over the average demand for the scheme for the base period of 2017-18 to 2019-20, which shall be ensured by the Project Appraisal Committee (PAC) while appraising the States' Annual Action Plans. The Ministry will have the flexibility of adjusting the allocation of funds between the States subject to the total allocation approved, without disrupting the 60:40 sharing ratio between the Centre and the States.

10.3 If the total fund requirement is over and above the annual 5% limit, the central share will be limited to that and the additional requirement of funds, if any, shall be met by the State Governments from their own resources.

10.3. All the State Governments and Union Territory Administrations implementing the scheme will maintain the data of all the beneficiaries on their online portal and will distinctly mention the amount of scholarship under various components as mentioned in the Scheme.

### **11. Payment Mechanism**

11.1 The entire scholarship amount - both from the State and Central Government - including the tuition fees, academic allowance and any other admissible allowance will be paid directly into the account of the students **ONLY through DBT** preferably through an Aadhaar Based Payment System (Aadhaar Payment Bridge) from 2021-22. The States shall preferably release the payments through PFMS System so that the accounts of the students are not required to be validated again.

11.2 Starting from 2021-22, the Central share in the scheme would also be released on DBT mode directly into the bank accounts of the students, after ensuring that the concerned State Government has released their share.

11.3 All the States/UTs/Centre would adhere to the following timelines for processing of the applications and release of scholarship amounts:

## ***Post Matric Scholarship for SCs: Scheme Guidelines***

- The scholarship portals would remain open throughout the year so that all eligible students can register for the Freeship Card and apply for the scholarships.
- Disbursal of scholarships for all applications (fresh/renewals) shall be made in one instalment as per the following schedule:

Dates of receiving of applications	Date by which State share (40%; 10% in case of NE States) should be released	Date by which Central share (60%; 90% in case of NE States) should be released
From 1 <sup>st</sup> April to 31 <sup>st</sup> July	15 <sup>th</sup> August	30 <sup>th</sup> August
From 1 <sup>st</sup> August to 30 <sup>th</sup> November	30 <sup>th</sup> December	26 <sup>th</sup> January
From 1 <sup>st</sup> December to 31 <sup>st</sup> January*	28 <sup>th</sup> February	15 <sup>th</sup> March
From 1 <sup>st</sup> February to 31 <sup>st</sup> March*	With 75 days of application	Within 90 days of application

\*Portal shall remain open only for submission of applications for scholarships for courses where admission is after November.

11.4 There shall be no delays in payment of the scholarships. For this purpose the State shall ensure that their installments are disbursed to the students by the timelines defined in previous para so that the Central share can also be released in time.

11.5 The Ministry of Social Justice vide notification number 428 dated Feb,16,2017 has notified Aadhaar as identity document under Section 7 of Aadhaar Act 2016 for all Scholarship Schemes w.e.f. 16<sup>th</sup> February 2017.

11.6 The authentication through Aadhaar would be compulsory at the time of renewals, if not provided earlier at the time of admission.

### **12. Duration and Renewal of Awards**

12.1 The award once made will be payable up to the completion of the course subject to satisfactory academic performance and attendance of 75% in every academic year. The attendance will be verified through Aadhaar based attendance System.

12.2 If a scholar is unable to appear in the annual examination owing to illness, the award may be renewed subject to production of medical certificate from prescribed authority and acceptance of the same by institution /college.

12.3 If, according to the Regulations of a University/Institution, a student is promoted to the next higher class even though he/she may not have actually passed in lower class and is

required to take examination of the junior class again after sometime, he/she will be entitled to scholarship for the class to which he/she is promoted if the student is otherwise eligible for scholarship. Further, in case a student fails in any class and then again joins the same class as a regular student, he/she will be eligible for scholarship for one additional year or the actual period, whichever is lower.

### **13. IT Framework**

13.1. The scheme shall be run on an online platform with robust cyber security measures that would assure transparency, accountability, efficiency, and timely delivery of the assistance without any delays. The National Scholarship Portal (NSP) would be suitably modified for this purpose.

13.2. If any State is already a running online portal that fulfils all the laid down parameters, they can continue with it, but share the data on real-time basis to the National Scholarship Portal or any other portal as specified by the Department of Social Justice & Empowerment in due course through instructions for enabling constant monitoring. Therefore, all States/UTs implementing the scheme will migrate to online processing of disbursement of scholarships, where not already done. The scholarship portal should mandatorily have the following features:

- a) The IT portal shall be integrated with the AISHE/UDISE portal for pulling the data about the institution in which the student has taken admission.
- b) At the time of registration for Freeship Card, every student should provide an Aadhaar ID/Aadhaar EID and other alternative form of ID as per this Ministry's notification no. 428 dated 16.02.2017 which will enable elimination of duplication and false claims. The Aadhaar authentication is mandatory in case of renewals, if not provided at the time of admission. The Aadhaar number entered by the students should go through demo-auth on real-time basis before allowing entry into the registration portal.
- c) The States shall undertake fool-proof verification of the eligibility, caste status, Aadhaar identification and bank account details on the online portal.
- d) There shall be no upload of any documents or any certificates into the system. All data should be auto-verified by linking databases through digilocker or any such

- mechanism, such as (i) school boards' results, including the CBSE/ICSE along with the certificates maintained by them; (ii) database of income certificates, domicile and caste certificates issued by State/District Administration and (iii) databases maintained by the Universities and Colleges, using Aadhaar number as the link.
- e) All verification process of the students should be done using the above authenticated databases automatically using the digital process with little or no manual intervention. There should be no system of verification by the institutions or even the district level officers. Till such time such a system is put in place, the manual verification shall be completed within 30 days from the date of application, with a provision for 'presumed approval' if the same is not completed within 30 days.
  - f) A suitable system will be put in place for taking Aadhaar based attendance system which is non-intrusive and automatic. Till such a system is finalized by the Central Govt., the institution shall upload the attendance of the scholarship holder every month in the Attendance module that would be developed in the IT system.
  - g) There shall be no system of calling for the bank account details of the students and authenticating it. All payments should preferably go through Aadhaar Based Payment System (APB – Aadhaar Payment Bridge) after checking the Aadhaar number with the NPCI mapper.
  - h) The renewals should be automatic based on promotion to the next class and having the required attendance, subject to confirmation of the student having joined back the same course as hosteller/day scholar, as the case may be. There should not be any requirement for the student to apply for renewals.
  - i) A performance module to monitor the progress of student as well as performance of the institution should be suitably designed and incorporated.
  - j) Apart from this, the States shall maintain a complete database of the beneficiaries under various other scholarship schemes to ensure de-duplication of the beneficiaries.
  - k) The portal shall incorporate an online grievance redressal mechanism linking all the authorities responsible for implementation on the scholarship portal.
  - l) There shall be a provision indicating the students of the poorest households, as per the parameters provided under the Scheme, selected for scholarship.
  - m) The portal will make arrangements so that the students, once declared blacklisted, may not be able to apply for scholarship again.

### **14. Annual Action Plan**

14.1 Every participating State/UT, on or before 28<sup>th</sup> February of the preceding year, will prepare a State level Annual Plan for the PMS-SC scheme. In case the State has any other initiative on similar lines to PMS-SC, this may be mentioned separately in the Action Plan. The Action Plan should give clearly the targets, eligibility, proposed coverage separately for poorest households, processes for identification, identification of courses having employment potential, systems for monitoring etc.

14.2 The Department will constitute an Project Appraisal Committee to appraise and approve the Annual Action Plans. These plans would be appraised at the Centre and the outlay for each State would be finalized before 15<sup>th</sup> April, of every year as per the annual increase indicated under the funding pattern. The constitution of the committee will be informed through separate instructions.

# 1 SCHEME RATIONALE

## 1.1 Child marriage - a concern for West Bengal

Under the Prohibition of Child Marriage Act, 2006 (PCMA), 18 is the legal age of marriage for girls, and 21 for boys in India. Despite several years of this Act being in existence, the early marriage of children continues to be practiced in West Bengal.

- According to DLHS -3, 2007-08, the state ranked fifth highest in the country when it came to the prevalence of child marriage, with almost every second girl a child bride (54.7%). Although more pervasive in rural areas, statistics revealed that even in non-slum areas of Kolkata, more than a quarter of girls are married before they reach adulthood.
- According to DLHS-4 2012-13, the percentage of girls aged 18 years currently getting married before 18 years was 32.1% (36.3% in rural areas, and 21.3% in urban areas). Bankura, Murshidabad, Purba Midnapore, Bardhaman, Birbhum, Dakshin Dinajpur, Cooch Behar, Nadia and Purulia were identified as the districts with the highest incidence of child marriage in the state.
- According to the Census 2011, the percentage of women married below the age of 18 is almost 40.24% of its 27.45 million ever-married women, as compared to the national average of 30.21%
- As per Rapid Survey On Children (2013-2014), 44.47% of women aged 20-24 were married before age 18.

### 1.1.1 Negative Impact of child marriage

Child marriage is a gendered practice, affecting far more girls than boys. It is perhaps the most prevalent form of sexual abuse of minor girls, and has a negative impact on their health, leaves them financially and socially disempowered, and vulnerable to child labour, trafficking and other forms of exploitation. Child marriages and low education levels perpetuate generational cycles of ill-health, illiteracy and poverty, and contribute to the feminization of poverty.

### 1.1.2 Child marriage and female school dropout

Child marriage leads to girls dropping out of school, which limits their scope of future development. In West Bengal, attendance of girls in school drops from 85% in the age-group 6-10 years to a mere 33% in the age group 15-17 years. (NFHS 3, 2005-06). After the implementation of *Sarva Shiksha Abhiyan* towards universalization of elementary education, significant progress has been noticed among girls, both in terms of enrolment and completion rate at the elementary level.

However, the transition from elementary to secondary school levels remains a concern. The Selected Educational Statistics (2010-11) published by MoHRD, Government of India shows that for the state of West Bengal, the Gross Enrollment Ratio (GER) for girls gradually decrease from 88% at elementary level (VI-VIII) to 59% at high school level (IX-X) and 33.3% at higher secondary level (XI-XII). It means that more girls are leaving school in the adolescent age group. The drop-out rates between Class I-X was found to be as high as 47.9% by the same report.

According to the DISE Flash Statistics 2013-14, while the dropout rate among adolescent boys (6.3%) at the upper primary level is more than that of the girls (4.2%), at the secondary and higher secondary levels more adolescent girls drop out of school. However, at the secondary level this trend is reversed, with nearly of 15% of adolescent boys and 19.4 % of adolescent girls in West Bengal dropping out of school.

Secondary education is not free, and many impoverished parents, failing to see the economic rationale for investing in their daughters education, marry them off at this age in the belief that this will enhance the girls and the families' security. This step however, condemns the girls to a life of financial and social insecurity. Field studies show that most women have to take up some economic activity in later years, and that their lack of qualifications and work experience makes them ill-equipped for the labour market, and therefore susceptible to poverty and exploitation throughout life. As a result, poverty, one of the factors that fuels child marriage, in turn perpetuates the feminization of poverty.

### **1.1.3 Child and maternal ill- health and mortality**

Child marriage is one of the factors which is limiting the progress of maternal and child health and improvements in the nutritional status of children in West Bengal. Child marriages result in early pregnancies, which in turn lead to high maternal and infant deaths, and are also a leading cause for malnutrition among children.

Child marriages result in girls becoming mothers at an age when they are not out of childhood themselves: of all teenage girls aged 15 – 19 in West Bengal, **one-fourth** are already mothers or pregnant at the time of the survey, a percentage that is much higher than the national average (16%) and also higher than all other Indian states except Jharkhand (NFHS-3 2005-06).

### **1.1.4 Child marriage and trafficking**

Child marriage is one of the lures used by human exploitation rackets to entice poor parents to part with young girls. Although it is not possible to disaggregate data on children who have gone missing because of child marriages arranged by fraudulent means, it is significant to note that the districts which rank the highest amongst all districts for child marriages, namely, Murshidabad and Malda, are also considered the most vulnerable to trafficking.

## **1.2 Challenges in child marriage prevention**

After the enactment of the PCMA 2006, the Department of Women Development and Social Welfare and Child Development (DWD) implemented anti-child marriage campaigns spreading the message of prevention, and endorsing enforcement of the law and its penal provisions for adults aiding and abetting child marriage.

However it quickly became evident that legal prohibition and social messaging are largely ineffective in addressing child marriage. For one, India's multiplicity of formal and religious laws complicates the issue of what constitutes the 'appropriate' age of marriage for girls. Secondly, the practice is ascribed to time-honoured tradition and is justified from a patriarchal perspective as essential for protection of girls from the 'evils of society'. Therefore eradicating it requires tangible drivers of social change that can transform victims, made vulnerable by their age and gender, into actors determining their own lives.

## 1.3 Scheme Design

Kanyashree Prakalpa is a Conditional Cash Transfer (CCT) Scheme that concentrates on girls currently most at-risk for dropping out of school and for child marriage: adolescents between the ages of 13 and 18. The CCT component of the scheme is supported by a multipronged communication strategy addressing key stakeholders' attitudes and practices towards female adolescents in families and communities and other key stakeholders from state to institution levels.

### 1.3.1 Conditional Cash Transfers

The scheme has two benefit components. The first is a cash benefit to be paid annually to the girls in the target age group for every year that they remain in education, provided they are unmarried at the time. The second benefit is a one-time grant to be paid to a girl between the age of 18 and 19, provided that she is enrolled in an educational institution and is unmarried at that time.

The term 'education' encompasses secondary, higher secondary and higher education, as well as the various vocational, technical and sports courses available for this age group. Girls must be enrolled and regularly attending educational institutions located in West Bengal that are recognized by the government.

To ensure an equity focus, the scheme is open only to girls from families below a certain income ceiling. For girls with special needs, orphans and for girls currently residing in registered Juvenile Justice Homes, this criterion is waived.

#### Features of Conditional Cash Transfers

By making financial benefits conditional upon the receiver's actions, CCT programs negotiate a behavioural change in an area of developmental concern. In this case, the behavioural areas of concern are the high incidence of child marriage and the low attendance and retention of adolescent girls in education. Kanyashree Prakalpa therefore seeks to empower girls, specifically girls from socio-economically disadvantaged families by:

- Incentivizing them to continue in education for a longer period of time, and complete secondary, higher secondary, higher education, or equivalent in technical, vocational or sports streams, thereby giving them a better footing in both the economic and social spheres.
- Disincentivising marriage till at least the age of 18, the legal age of marriage, thereby reducing the risks of early pregnancies, associated risks of maternal and child mortality, and other debilitating health conditions, including those of malnutrition.
- The Scheme lays the foundation for the financial inclusion of girls by mandating that its financial benefits are paid into bank accounts where the Kanyashree beneficiary herself is the account holder.

### 1.3.2 Communication Strategy

The Scheme recognizes that while conditional cash transfers address the immediate vulnerability of adolescent girls by keeping them in the protected environs of educational institutions, they will not necessarily change the attitudes of parents, extended families and communities towards girl

children. And unless these attitudes shift, girls who complete their education will return to an environment which still largely associates their lives with the domestic domain, without allowing them to access facets of life beyond family duties, and especially not as economically productive providers for themselves and their families.

To ensure that the scheme's conditional cash transfers go beyond a mere compliance of the PCMA 2006, the Scheme has a communication strategy based on public advocacy and behavior change communication methods designed to bring about changes in attitudes, perceptions and behavior of adolescent girls, their families and other significant stakeholders in their lives.

The Scheme's Communication Strategy is designed to create influence on three levels:

- The cultural-environmental level where, through institutional and mass media, society at large is informed of the negative impact of child marriage, the law against child marriage, the options offered by Kanyashree Prakalpa and the objectives of the Scheme.
- Inter-personal social influence level, where families, peer groups, community and other immediate social networks that support the education of young girls with the long-term objective of their economic independence, rather than perpetuate the expectation of early marriage for them.
- Intra-Personal Influences – create a sense of self, personal capacity and well-being in adolescent girls

### **1.3.3 Kanyashree Plus**

The impact of the Scheme is proposed to be further strengthened through Kanyashree Plus, its graduation strategy. Kanyashree Plus is being designed to ensure stronger inclusion of out-of-school adolescent girls in the Kanyashree CCT component, and facilitation of beneficiaries' transition from secondary education into tertiary education so that they may graduate into sustainable livelihoods and employment. Under consideration are the following activities:

1. Reintegration of out-of-school girls into education through non-formal education or bridge education and livelihoods support
2. Career counseling and coaching to girls enrolled in Kanyashree starting at age 16
3. Life skills education (consisting of rights education, soft skills development, health and nutrition and financial literacy) delivered to girls
4. Facilitate each Kanyashree beneficiary's access to tertiary education and employment/business services, enabled by performance-based contracts with qualified providers
5. Conduct outreach and public education activities to parents, caregivers and young men to generate support of young women's socio-economic empowerment

## **1.4 Coverage**

Launched on October 1, 2013, Kanyashree Prakalpa is applicable to the State of West Bengal only. Girls must be resident of the state, and be studying in institutions that are registered in West Bengal and recognized by the government.

## 5 SINGLE-WINDOW SERVICE DELIVERY THROUGH EDUCATIONAL INSTITUTIONS

All first-time Kanyashree applicants, whether applying for the Annual Scholarship (K1) or for the One-Time Grant (K2), will be provided pre-printed forms by the educational institution they are enrolled in. For convenience, K1 forms are printed on light green paper (See Appendix 1), and K2 forms are printed on light blue paper (See Appendix 2). Beneficiaries will have to fill in their application forms and hand them over, along with necessary certifications to designated persons in their educational institutions. As per the West Bengal Public Services Delivery Act, 2013 (WBPSDA 2013), HOIs will provide acknowledgment receipt (marked with their Application Form No.) to the applicants.

All application forms received by the educational institutions shall be immediately entered into the portal along with scanned bank details. Only in cases where the educational institutions are unable to process applications because of lack of computer facilities, application forms are sent for data-entry to the appropriate block office / sub-divisional office or to the nearest CLRC.

Once an application has been successfully uploaded, the portal creates a unique Kanyashree Identification Number (Kanyashree ID) and a Kanyashree Identity Card, which must be handed over to the beneficiary. Until generation of the Kanyashree ID, the Form Number shall serve as the applicant's identification.

Once uploaded, applications and certifications become visible for scrutiny and subsequently sanction and payment through direct bank transfer. There is no physical movement of paper forms, and no manual generation of scrutiny or sanction lists. These are entirely automated, and applications become visible to the appropriate officer / unit (user) depending on the user's authorization level. Wherever possible, batch processing of applications has been implemented, without compromising on data or process integrity.

Each pre-printed form has its own unique identification number (Form Number). District, sub-divisional and block units shall maintain a track of application forms distributed to educational institutions in their respective administrative domains, and check the portal to ensure that beneficiaries' applications are being uploaded in a timely manner.

All sanctioned and rejected application forms are retained for sample verifications with the institutions or in offices of BDOs (for rural areas), Sub Divisional Officers (for urban areas) and Director, Social Welfare (Kolkata).

Renewal of the Annual Scholarships are to be processed in bulk by Heads of Institutions, with beneficiaries only providing certificates of eligibility. For girls up-grading from the annual scholarship to the one-time grant, application forms with details of the applicant will be generated on-demand on the portal by the educational institution. Once filled in, these, along with necessary certificates, will be handed back to the Heads of Institutions for further processing.

**For complete details of the process, see Chapter on Processing of Conditional Cash Transfers.**

Sub: Security issues related to Kanyashree Prakalpa

Sir/Madam,

The following issues are of serious concern to the integrity and security of Kanyashree Prakalpa's implementation and should be addressed immediately:

1. User Ids and Passwords to the Kanyashree Portal are critical to the security of the portal, and it is essential that:
  - a. User Ids and passwords should only be known to authorized persons at each level i.e., educational institutions and key administrative officers working directly with Kanyashree Prakalpa.
  - b. The secrecy of a password is sacrosanct and should not be shared under any circumstances.
  - c. Persons with User Ids should change their passwords regularly and should follow the security norm for forming passwords.
2. Random checking of uploaded applications reveals that for a large number of applications, scanned content, especially photographs of beneficiaries and signatures of certification are not clear. Photographs and other documents must be scanned in such a manner so that the identity of the beneficiary can be verified by sight and signatories identified by their signatures.
3. At the time of verifying, scrutinizing and sanctioning of applications, the person conducting the process shall exercise due diligence in studying each detail, and verifying the integrity of application before recommending it for further processing .
4. 5% random physical verification of applicants should be carried out on a regular basis.

Any kind of fault in processing of data to be taken up by the district authority immediately and steps should be taken for rectification.

Yours faithfully,

  
( Roshni Sen )
